## Keeping yourself & others safe when you travel

Some important points to consider when travelling by bus...

- : Wash or sanitise your hands before and after travelling.
- : Pay by contactless or buy an app ticket, if you can.
- : Follow social distancing signs on-board.
- : **You MUST wear a face covering throughout the journey**, except children under 11 or if you have a disability that prevents you from wearing one. Not all disabilities are visible, so please respect other people. Those not wearing face coverings may be fined by the police.

**If you have any coronavirus symptoms, however mild, do not travel.** Remember, it's everyone's responsibility to follow these rules, so play your part and stop the spread. Stay safe and consider your fellow passengers and our drivers.

- : We've stepped up our cleaning regimes, including more cleaning of points such as handrails, and disinfectant 'fogging' of buses at night to clean the entire bus.
- : Screens are up to protect our drivers. Bus drivers don't have to wear a face covering when driving, although we've provided masks for drivers who want them. Please respect our drivers' working areas by giving them space.
- : We're carrying fewer people on each bus, to help social distancing. Please travel at quiet times, and be prepared to wait if your bus is full. Signs on each bus show how many people it can carry.

Pay by contactless if you can

Plan your journey for quieter times

Wear a face covering Except young children or those with respiratory disabilities

Wash/sanitise your hands

Don't travel if unwell
