Shipbuilders of Port Glasgow

This impressive, dynamic 33 feet tall (10 metres) sculpture is in Coronation Park in Port Glasgow. It was installed in March 2022.

It is of two shipyard workers wielding sledgehammers to bend steel plates into shape to form the hull of a ship, part of which is also depicted.

The sculpture was created by the renowned artist John McKenna.

PS Waverley

Built on the Clyde in 1946, this is the last seagoing passenger-carrying paddle steamer in the world.

She used to sail from Craigendoran on to Arrochar on Loch Long until 1973, and has now been lovingly restored.

As well as regular sailings from Greenock, she also operates passenger excursions around the British coast.

Check sailings and make bookings at waverleyexcursions.co.uk

Largs

With a Victorian promenade and fantastic ice cream parlours, Largs is a great Clyde coast destination. There’s a regular ferry over to Isle of Cumbrae, only a mile away.

In 1263 Vikings tried to land from a fleet of longboats, but were repulsed by Alexander III’s army. This is celebrated at Vikingar!, a multi-media Viking-themed attraction and at the annual Largs Viking Festival there are battle re-enactments to watch, a grand Viking galley burning and firework display.

Largs Viking Festival 2024
